# A Powerful Advertising Copy and Expense Tracking Software

**AdTrack** is a complete and easy way to create ad copy and track all your advertising expenses.

**AdTrack** maintains internal advertising histories and tracks ad performance.

**AdTrack** automates ad copy creation and creates digital files for ad submission.

**AdTrack** will run on any Windows® computer. Everything can be done with a click of the mouse.

# Designed Specifically for Real Estate Brokers and Managers

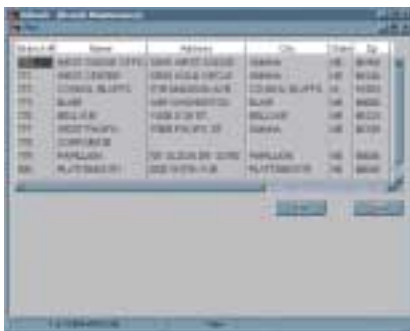

**AdTrack's** accounting features do the work for you, tracking agents' ad expenses and invoicing agents or branches.

**AdTrack** can make your business even more efficient and productive saving time on ad creation, submission and proofing.

**AdTrack** can help you chart the progress of particular ads by creating expense reports for particular properties, agents or branch offices.

**AdTrack's** multi-user capability allows faster data entry and more efficient ad scheduling, allowing agents and assistants to maintain properties and schedule ads.
